Richton Park Begins Transit Program for Residents

Village of Richton Park

RICHTON PARK, IL. August 22, 2016 – In efforts to further the progression of Richton Park for its residents and citizens, Village President Reinbold and the Board of Trustees have approved the use of transportation services within the Village. This transit program is in conjunction with Rich Township, who has been established in transportation services for many years servicing the Chicago Southland communities to provide the Village services. Within this partnership, Rich Township will provide Richton Park with its own personalized bus, (dedicated to Richton Park residents) to facilitate the opportunity and availability for Richton Park residents to shop for goods and services locally within the Village.

Richton Park President Rick Reinbold comments that "This partnership with Rich Township is a beautiful one, and as a true benefit to Richton Park residents, while having a positive Economic impact on our local businesses and community."

As of now, there will be at least three scheduled "curb-to-curb" stops where residents can board – Carriage Creek Apartments, Park Towers Apartments, and Cedar Ridge Apartments. The initial scheduled service was to operate Tuesday and Thursday between the hours of 9:00am and 2:00pm, but upon further planning, the Tuesday route will now be changed to Wednesday to accommodate "senior discount day." However, depending on demand, this schedule is subject to change.

For more information on this Richton Park and Rich Township transit initiative, please contact Vera Brooks, Community Services Director at (708) 481-8950 Ext. 109.
